Will there be loud music-Yes. Music on Friday will end at a reasonable hour and Saturday night will feature a late drumming circle at the fire circle in which everyone is encouraged to participate. The drum circle is perhaps the oldest tradition in sacred music. We will continue to unabashedly support our culture's newest expression of this legacy. Though we hope that all participants will try to take part in Saturday's all-night ritual, we know that it's not for everyone. We are working on a "Quiet camping" area and hope to have it available in 2020, please check in with Box office about this option.
